THE MISSING FRIEND (:60S)

A quiet forest at night. Fog drifts between tall trees as three friends walk together, flashlights cutting through the dark.

STACY (whispers)

The article we read online said this was the most haunted place in town. It said people have disappeared here.

JOSH

Yeah, well they also say money can't buy happiness. Doesn't mean it's true.

LIZZY

Please stop.

A cold gust sweeps through. Their lights flicker.

SFX: DING. A phone notification breaks the silence.

He pulls out his phone to quiet it, but pauses. The screen glow lights his face. On the phone it says "Round trip to Miami. \$250. Limited-time offer." He slows to a stop while the others walk ahead into the fog. The offer pulses on the screen. The forest around him goes still. He taps "Book."

A soft hum begins. Leaves shift at his feet. A yellow light builds from the phone and wraps upward around his body. His flashlight slips from his hand, rolling in the dirt. The glow tightens around him.

There's a flash. He's gone.

His friends turn back, confused.

His friends turn back, confused.

STACY

Josh?

They wave their flashlights across the empty trail.

LIZZY

Josh!

Only fog and silence.

The dropped flashlight lies on the ground, beam staring up at the trees.

SMASH CUT TO: Miami in the day

Bright sun. Waves. Palm trees. Josh relaxes on a beach chair, sunglasses on, completely at ease. He scrolls his phone casually, as if nothing unusual happened.

He smiles.

THE MISSING FRIEND (:60S)

SFX: Night wind. Footsteps crunching leaves.

OPEN: FOREST AT NIGHT

Three friends walk clumped together, flashlights cutting through fog.

FEMALE FRIEND #1 (whispering):

They say people vanish here... like they just magically disappear.

MALE FRIEND:

Yeah, right. I only came because someone said there'd be pizza after.

FEMALE FRIEND #2:

Yeah, we can get pizza... if we survive.

SFX: Silence. Only wind.

Male friend lags behind, hands in pockets.

SFX: DING! Phone notification.

FEMALE FRIEND #1 (snapping):

Dude! Silence your phone!

MALE FRIEND (calmly):

Okay, okay, relax.

He's about to put his phone back in his pocket, but he does a double-take

MALE FRIEND (calmy/surprised):

Wait, Spirit Airlines? Round trip to Vegas... \$250? Mom and Dad would love this. We were just talking about Vegas the other day

MALE FRIEND slows, staring at his screen. The others walk ahead.

He turns off the trail and disappears from view.

CUT TO A DIFFERENT PART OF THE FOREST
